

How To Add Guest Players To A Roster

NOTE: **Any player who is not a “primary” player on your official roster is considered a “guest player”. That means that “club pass” players who are already within your club, but primarily rostered to a different team within your club, are considered to be “guest players” for the event. “Club Pass” players and “Guest Players” are the same thing for the purpose of the tournament. **

- Once you have built, or cloned, your roster for the event within your team GotSport account, you can then begin to add guest players to your roster. Be sure to review the Tournament Rules for the number of players you are allowed to include as guests, as it varies by age group.
- For a player to be added to your roster that guest player must first register with the Alliance Cup as an official guest player. They can do this by using their personal GotSport player account. There is a guest player portal on the left side menu bar of the Alliance Cup website, or they may also directly jump to that portal by using this link:
 - [Alliance Cup 2024 – Guest Player Registration Link](#)
- When a player has confirmed with you that they have officially registered with the event as a guest player and that they are “In the Guest Player Pool” for the Alliance Cup you can add them to your roster by following the instructions on page 2 below...

1. Log into your GotSport Account at system.gotsport.com, and select Team Management

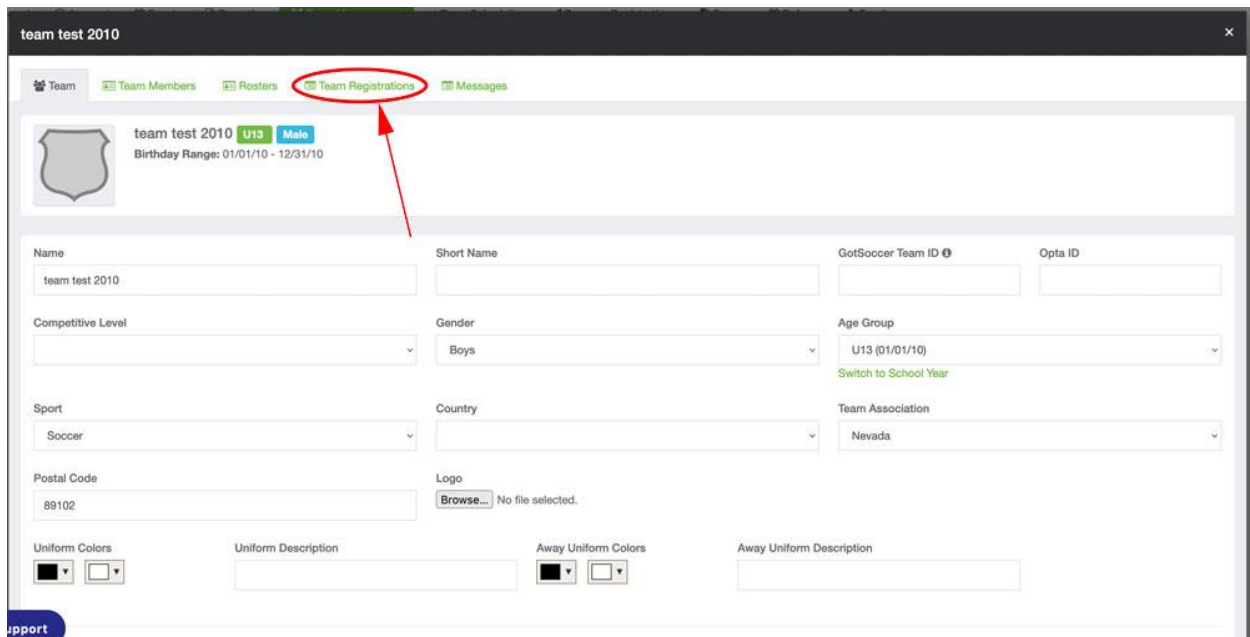

The screenshot shows the GotSport dashboard. The top navigation bar includes links for Dashboard, Account, Events, Reporting, Team Management (highlighted with a red circle and an arrow), Team Scheduling, Program Registrations, Forms, Referee, and Family. The left sidebar contains links for Account, Profile, Themes, Social Media Links, Roles, Rosters, Registration History, Roster History, Tickets, Emergency Info, Family, Documents, Billing, Booking, and Recruiting Profile. The main content area displays the 'Profile' section, which includes a photo upload area, a 'College Recruiting' section with an NCSA logo and a 'Get Started' button, and various form fields for personal information such as First Name, Middle Name, Last Name, Suffix, Preferred First Name, Email/UserID, Contact Email, Gender, DOB, Preferred Date Format, Preferred Time Format, Preferred Language, Graduation Year, and GPA.

2. Select the team that you would like to add the guest player to.

The screenshot shows the GotSport dashboard with the 'Team Management' menu selected. The left sidebar now highlights 'Teams' and includes links for Registrations, Matches, and Submitted Forms. The main content area displays a table titled 'Teams' with columns for Name, Coach, Level, Age, and Gender. The table lists several teams, and the team 'team test 2010' is highlighted with a red circle and an arrow. The table data is as follows:

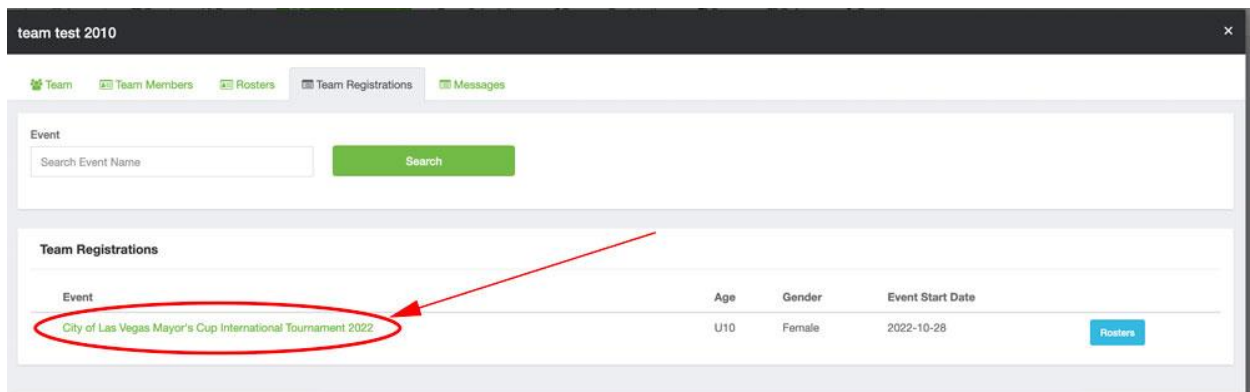

Name	Coach	Level	Age	Gender
[Team Name]			U11	Female
[Team Name]		Recreational	U8	Male
[Team Name]			U9	Male
[Team Name]			U16	Male
team test 2010			U13	Male
[Team Name]			U16	Male
[Team Name]			U10	Female
[Team Name]			U12	Male

3. Select Team Registrations

The screenshot shows a web application window titled "team test 2010". At the top, there is a navigation bar with tabs: "Team", "Team Members", "Rosters", "Team Registrations" (which is highlighted with a red circle and a red arrow pointing to it), and "Messages". Below the navigation bar, there is a header section with a shield icon, the text "team test 2010", and buttons for "U19" and "Male". Below this, there is a form with various fields: "Name" (team test 2010), "Short Name", "GotSoccer Team ID", "Opta ID", "Competitive Level", "Gender" (Boys), "Age Group" (U13 (01/01/10)), "Sport" (Soccer), "Country", "Team Association" (Nevada), "Postal Code" (89102), "Logo" (Browse...), "Uniform Colors", "Uniform Description", "Away Uniform Colors", and "Away Uniform Description".

4. Select the Event. There may be many events in your list, so you can search for the event you're looking for in the search bar. Be sure to carefully select the correct event.

The screenshot shows the "Team Registrations" section of the web application. At the top, there is a search bar with the text "Search Event Name" and a green "Search" button. Below the search bar, there is a table with the following columns: "Event", "Age", "Gender", and "Event Start Date". The table contains one row with the following data: "City of Las Vegas Mayor's Cup International Tournament 2022", "U10", "Female", and "2022-10-28". The "Event" column is highlighted with a red circle and a red arrow pointing to it. There is also a "Rosters" button in the bottom right corner of the table.

5. Select Athlete Pool. This will bring up the list of guest players.

- At the conclusion of this guest player selection process the players you have chosen will now be on your roster for the Alliance Cup, **but there are further steps to undertake.**
- The next step is to go back to your initial application by logging into your GotSport account. On the application page, after clicking the “edit” button, you will be able to upload documents. You will find the Guest Player Passes PDF section and upload a picture ID for any player(s) you have added as a guest player. To accomplish this please see the instructions on the Winter College Showcase website, left side menu bar, titled “Online Team Registration & Waivers”. This is **STEP 3** in the “Helpful Documents & Articles” list. You can also [CLICK HERE](#) for instructions.
 - GotSport will only permit the uploading of one (1) document into the guest player application form field, so you must combine all guest player passes into one (1) PDF and upload that document. You cannot upload multiple, individual, pictures of guest player passes as only the most recent upload will be saved in the system and any previous one will be deleted.
- When you have built your roster, added guest players, and uploaded the PDF documents into the application we will be able to verify the players and approve them. Once players are approved, they will show up in your official event roster. They will then be eligible to participate in the Alliance Cup. Any player that is not showing up on the official roster is not “checked-in” and is not eligible to participate.
